

Tutoriel d'utilisation du Flux Hôtel personnalisable sur Tradedoubler

Voici un petit tutoriel visant à vous accompagner dans la récupération de votre flux XML personnalisé.

Une fois connecté sur votre interface **Tradedoubler** et positionné sur l'espace de lastminute.com, il vous suffit de cliquer sur « **Générateur de lien et de flux** » (en haut, à droite)

The screenshot shows the Tradedoubler interface for the lastminute.com program. The 'Générateur de lien et de flux' tab is highlighted with a pink box. The interface includes a sidebar with navigation options, a main content area with tabs for 'Paramètres du programme', 'Overview', 'Liens et éléments graphiques', 'Info', and 'Générateur de lien et de flux'. The 'Générateur de lien et de flux' section contains a 'Custom link for lastminute.com' header, buttons for 'Create text link' and 'Deeplink info', and a table of available ad sizes and product categories.

The screenshot displays the 'Paramètres du programme' (Program Settings) page for lastminute.com. The left sidebar contains a navigation menu with items like 'ACCUEIL', 'RECHERCHE', 'VOS INFOS', 'AD MANAGEMENT', 'RAPPORTS STATISTIQUES', 'LES AUTRES RAPPORTS', 'AIDES ET INFORMATIONS', and 'HELP CENTRE'. The main content area is titled 'lastminute.com extra program info' and features a 'Deep Link Generator' section. This section includes an 'Attention!' warning about unauthorized use of lastminute.com keywords and a form with fields for 'Your affiliate number', 'Landing page' (pre-filled with 'http://www.lastminute.fr'), and 'Link with tracking'. Below the form are 'Go!' and 'Clear' buttons, and a 'Test the link:' field. At the bottom of the page, a link labeled 'Flux personnalisable Hôtel (Fusepump)' is highlighted with a red box.

Choose output format Step 3 of 4

 Next, customise the format of your feed. Once you have selected how you would like to receive the feed, you can disable any outputs you do not require. You can also rename outputs to make it easier to use the feed once it is downloaded. As you configure the feed, be sure to keep an eye on the sample at the bottom of the page, which gives you a glimpse of what the final feed will look like.
